

Archery Deer Season Hunting Log

Thank you for choosing to participate in the MassWildlife archery deer season hunting log. Please adhere to the following guidelines below.

- Record all deer hunting trips during the Archery Season in MA
Fill out a line with your hours even if you did not see anything
- Record your individual totals, not those of your hunting partner(s).
- Record Yes or No for whether you hunted on public land (Wildlife Management Areas, state forests, town property).
- Use separate lines if you hunt on different properties in the same day.
- Record the number of hours you hunted to the nearest whole hour.
- Keep the log readily accessible so you can record your information immediately after each hunt (such as in your vehicle).
- Mark **total sightings** during legal hunting hours. Do not try and count unique animals. We are calculating sightings per hour.
